3-year period covered by the plan: 2018 - 2021

Plan agreed: October 2018 Plan Review: Annually

Lead member of staff: Mrs A Powell

The SEN and Disability Act 2001 extended the Disability Discrimination Act 1995 (DDA) to cover education. The Governing Body has had three key duties towards disabled children, under Part 4 of the DDA:

1. not to treat disabled children less favourably for a reason related to their disability;
2. to make reasonable adjustments for disabled children, so that they are not at a substantial disadvantage;
3. to plan to increase access to education for disabled children.

This plan sets out the proposals of the Governing Body of the school to increase access to education for disabled children in the three areas required by the planning duties in the DDA:

- a) increasing the extent to which disabled children can participate in the school curriculum;
- b) improving the environment of the school to increase the extent to which disabled children can take advantage of education and associated services;
- c) improving the delivery to disabled children of information, which is provided in writing for children who are not disabled.

It is a requirement that the school's accessibility plan is resourced, implemented, reviewed and revised as necessary and reported on annually. Attached is a set of action plans showing how the school will address the priorities identified in the plan

Bartons Primary School Context

Bartons Primary school is a mainstream school for boys and girls age range 4 yrs. to 11 yrs. old. The school comprises of a new build (2014) multi-purpose single storey building with seven classrooms and a community room. The school also has a temporary classroom close to the main building. It has additional meeting rooms, offices and break out areas and complies with current legislation covering health, safety and disabled access and egress.

Our Purpose and Ethos

At Bartons, we pride ourselves on being a happy and family school where learning and growing potentials is at the heart of everything that we do. Relationships between the children and adults are strong where every child is known well by the dedicated staff and we embrace team working with the whole of our school community. We want our children to be happy and confident and we work hard to provide a safe, fun and caring environment.

Every child is special to us and we work closely in partnership with parents to build on each child's individual skills and talents in order that they develop a love of learning and enjoy school. We strive to develop the whole child and we believe that our inclusive and creative curriculum will stimulate and motivate young curious minds. We will always strive to be outstanding in everything we do.

We are working within a national framework for educational inclusion provided by:

- Inclusive School
- SEN & Disability Act **2001**
- The **SEN Revised Code of Practice 2014**
- The Disability Discrimination Act (**amended for school 2001**)
- Code of Practice for Schools (Disability Rights Commission)
- OFSTED

Our Aims are

1. Access to the curriculum
2. Access to the physical environment
3. Access to information

Current Good Practice

We aim to ask about any disability or health condition in early communications with new parents and carers as part of our school admission procedure.

The main entrance to the school has wide doors. The main front entrance has a wide lobby fully accessible for wheelchair users. There are disabled toilet facilities available fitted with a handrail and a pull emergency cord. The school has internal emergency signage and escape routes are clearly marked.

Our Inclusion/SEN team support children with both physical disabilities and learning needs to access areas of the curriculum they find difficult. PE is a challenge for physically impaired children but we seek expert advice for identified individual needs.

We may consult with specialists when new situations regarding children with disabilities are experienced.

Action Plan
